

Galapagos Domestic Flights

Flights to San Cristobal operate from Quito via Guayaquil and we recommend that you authorise us to hold your seat when confirming your liveboard booking in order to take advantage of our fixed preferential pricing and service. We will invoice you for the flights at that time although you will not need to pay for them until the final balance of your liveboard booking is due.

Please note that tickets are issued by the airline no earlier than 21 days in advance of the flight.

We can also book other flights into the islands on different dates if you wish to extend your stay; please enquire for details.

Master Liveboards has seat allotments on the following flights for our cruises with the times as noted below:

Quito – San Cristóbal - Guayaquil	612 USD	562 USD
Guayaquil – San Cristóbal - Quito	604 USD	554 USD

* Rates in valid through 2020

The above flight prices include the following:

- The cost of the Ingala Transit Control Card – normally payable at the airport
- Assistance with paperwork and check-in*
- Priority check in
- Increased luggage allowance of 30kg as opposed to standard 23kg

Luggage allowances and excess costs

Standard luggage allowance is one 23kg check-in bag. Each person is allowed a maximum of 10kg of carry-on luggage.

Excess baggage cannot be pre-booked and is payable at check-in, as follows:

- 24kg up to 45kg: approximately \$20 USD per bag each way for passengers with standard 23kg allowance
- If you have our increased allowance excess of 31kg to 45kg will be charged at approximately \$20 USD per bag each way.
- Extra piece of luggage, up to maximum 23kg: \$45 USD each way.
- Luggage dimensions must not exceed 158cm (height x length x width). Oversized luggage is charged at \$30 USD per bag, each way.

Please note: Airport assistance is only provided for guests who have booked flights through Master Liveboards. Should you choose to book tickets through other avenues you will need to queue and pay for your transit control card and park entrance fees in cash, which can be a slow and time consuming process.
