

Galapagos Domestic Flights

Master Liveboards' Galapagos itineraries embark and disembark at San Cristobal. Domestic flights to San Cristobal Airport (SCY) operate daily from Quito (UIO) via Guayaquil (GYE).

We work with a local supplier for booking LATAM flights and have a seat allocation held for our guests on flights which fit with each itinerary's embarkation and disembarkation dates and times. **Any seats that have not been confirmed 30 days prior to departure will be released back to the airline for general sale.**

We recommend that you authorise us to reserve your seat when confirming your liveboard booking in order to take advantage of our fixed preferential pricing and service. We will invoice you for the flights at that time although you will not need to pay for them until the final balance of your liveboard booking is due. Tickets will be issued no earlier than 14 days in advance of the inbound flight departure.

We can also book other flights into the islands on different dates if you wish to extend your stay; please ask our reservations team for details as the pricing depends on availability.

Please note that flight numbers and times indicated below are subject to change and will be confirmed at the time of booking.

As flight delays and schedule changes are common between the Galapagos Islands and mainland Ecuador, we strongly recommend booking an extra night's hotel accommodation in Quito or Guayaquil to avoid missing your international flight if your post cruise domestic flight is changed.

Pricing & Inclusions

2023 round-trip fare is 630 USD per person *for bookings made no later than 30 days before departure* on flights that correspond with embarkation and disembarkation dates from Quito or Guayaquil to San Cristobal, and includes the following:

- 2 x checked-baggage items (max. 23 kg each)
- One carry-on bag (maximum 10 kg) and a small personal item.
- Airport / Check-in Assistance - Our representative will meet our guests by the entrance to domestic departures at Quito or Guayaquil Airport and will be holding a Master Liveboard sign.
- Our airport representative will also assist in obtaining TCT card* which is required before flight check-in.

***PLEASE NOTE: TCT / INGALA Transit Control Card is not included in the flight price.**

The TCT cost is 20 USD per person, payable in cash at the INGALA booth at Quito or Guayaquil Airport.

Pricing and luggage allowances for bookings made less than 30 days before departure are subject to seat availability at that time.

Airport and check-in assistance is only provided for guests who have booked flights through Master Liveboards.

Should you choose to book tickets through other avenues you will need to queue for your transit control card, which can be a slow and time consuming process.
