Premium Diving Accident Insurance

DiveSafe by DiveAssure

Diving locally or abroad? DiveAssure's annual and short-term DiveSafe plans offer the coverage you need. The DiveSafe plan includes coverage for medical expenses, emergency medical evacuations, hyperbaric treatments and more.

Medical coverage is unlimited and in case of a diving accident your policy will pay directly and in real-time to hyperbaric chambers and other medical facilities around the world, saving you the need to pay a large amount out of pocket. The Duke Dive Medicine center – a leading team of dedicated hyperbaric medicine experts will monitor your evacuation and provide supervision and consultation services to assure that you receive the suitable and most professional treatment.

Is there more than one diver in your family? DiveAssure is offering a 10% discount to families! Register all divers in your family under the same program and enjoy this special offer.
