

The Master Liveboards Referral Program

Everybody loves to dive with friends, so why not bring them along with you on your cruise and save yourself, and them, money!

If you have an existing booking with us on any Siren Fleet, Master Liveboards or The Junk vessel and **you introduce a friend to us** who has never been on one of our cruises and who subsequently also makes a booking then **you will receive 100 USD credit** against your current booking.

Want to introduce all your friends to us? Great, then **you will receive 100 USD credit for each one of them!**

On top of this, each friend that you introduce who confirms a booking will receive **50 USD off their first booking with us**. You don't even have to travel on the same cruise!!

All you need to do is send a mail introducing your friend and we can take it from there. If they go ahead and confirm a booking then you will be contacted with your credit notifications as soon as we receive a deposit.

If your booking is made through an agent then don't worry, you have the same access to the program, just deal with your agent as normal and the referral works in the same way.

Please note that the referral program is not valid on charter bookings.
