

Central & Southern / Far South

Malé / Kooddoo/ Gan - Trip Information

- **International Arrival Airport:** Malé- Velana International Airport (MLE)
- **International Departure Airport:** Malé - Velana International Airport (MLE)

Flights and Transfers

For all itineraries covering the southern atolls of the Maldives domestic flights from and/or to Malé are required either for embarkation, disembarkation, or both. The cost of the flights is not included in the liveboard price although we are happy to book these for you.

Central & Southern Atolls itineraries

- **Embarkation Airport:** Malé International Airport*
 - **Disembarkation Airport:** Kooddoo Airport (GKK)
- OR
- **Embarkation Airport:** Kooddoo Airport (GKK)
 - **Disembarkation Airport:** Malé International Airport

For itineraries starting from Malé, our meeting point for embarkation is in front of Burger King* in the airport terminal where our representative will be waiting to collect you and holding a Master Liveboards sign.

*We provide two transfers for embarkation at set times; The earliest pick-up is at **12:30 pm**, with a second transfer at **16:00**. At **these two times only**, the dhoni will dock at the water taxi pier in front of Malé Airport and transfer guests directly to the boat.

Far South itineraries

- **Embarkation Airport:** Kooddoo Airport (GKK)
 - **Disembarkation Airport:** Kooddoo Airport (GKK)
- OR
- **Embarkation Airport:** Gan, Addu Atoll (GAN)
 - **Disembarkation Airport:** Kooddoo Airport (GKK)
- OR
- **Embarkation Airport:** Kooddoo Airport (GKK)
 - **Disembarkation Airport:** Gan, Addu Atoll (GAN)

For Far South itineraries, our crew will be waiting to meet you at the embarkation airport for transfer to Blue Voyager.

PLEASE NOTE: *We can not arrange pick-up and transfers from hotels.* Guests who are staying in a hotel or resort before their liveaboard need to arrange transport to be at the airport in time for transfer to Blue Voyager at 12:30 in Male, or at the time specified in your departure pack for embarkation in the south.

Advice on International Flights

Malé International Airport is served by many airlines and charter companies from all over the world. Ideally, we recommend spending at least one night in Malé before and after your liveaboard to avoid problems caused by possible flight delays and to ensure you are well rested. Alternatively, we advise booking an early morning International arrival in to and a late afternoon/evening International departure from Malé to ensure you can easily make your flight connections.

PLEASE NOTE: *It is illegal to bring alcohol into the Maldives; please do not purchase any duty-free alcohol on your inbound travels as it will be confiscated upon arrival in Malé.*

Visa and Passports

Passports must be valid for at least six months from the date of entry into the Maldives and citizens from most Western countries can obtain a 30-day tourist visa upon arrival. Some nationalities may be required to purchase a visa before arrival; please consult the consulate of the Maldives in your home country for more details.

Domestic arrangements

The flight duration between Kooddoo and Malé is 1hr 5 minutes on direct flights, or 1hr 25 minutes on indirect flights which stop at Kadhdhoo.

Flights between Malé and Gan are 1hr 35 minutes direct, or 2hrs 15 minutes on flights that make a stop at Kooddoo or Kadhdhoo.

Domestic check-in closes 1 hour before the scheduled departure time.

Baggage allowances are as follows:

- Hand luggage: 5kg per person
- Checked luggage: 20kg per person*

*Divers are allowed 25 kg of checked luggage but must be carrying diving equipment for this increased allowance to apply.

Additional checked luggage can usually be purchased at check-in and costs approximately 4 USD / kg, subject to availability on the day.

The domestic departure terminal at Malé Airport is a short walk from the international arrivals area and is clearly signposted. Upon leaving the international arrivals hall, turn right and walk for approximately 100 metres; the ocean will be on your left side and the domestic terminal will be on your right.

If your domestic flight is scheduled to leave within 2 hours of your arrival in Malé, you should make your way directly to the domestic terminal to check in for your flight.

If your domestic flight is scheduled to leave more than 2 hours after your arrival in Malé, or if your itinerary starts from Malé and you have time to fill before the designated embarkation transfer time, the following options are available at Malé Airport:

- Use the facilities of the airport hotel (Hulhule Island Hotel) - there are a number of packages available ranging from 75 USD – 185 USD per person
- Put your bags into storage for a couple of hours and take a water taxi to Malé to explore the island. To put your bags in the luggage room, please go to the information desk in Arrivals. Storage costs 6 USD per normal-size bag or 10 USD per oversized bag/heavy item.
- Enjoy the shopping and refreshments available at the airport

Insurance

Insurance which covers scuba diving is mandatory aboard all of our vessels. Your insurance must cover all of your scuba diving and snorkelling activities, including the costs for recompression chamber treatment and emergency air evacuation. We therefore strongly recommend purchasing diving-specific insurance to cover any diving-related eventuality.

All guests are also required to carry full travel and cancellation insurance, as outlined under section 3 of our [Terms and Conditions](#). We cannot be held liable for delays occurring during the cruise, nor any delays or cancellations of flights, accommodations, or tours and transfers that we organise on your behalf.

For further details of why travel insurance is a crucial part of your holiday arrangements, take a look at our blog - '[Do You Really Need Travel Insurance?](#)'

Master Liveaboards act as a referrer for DiveAssure who offer dive and travel insurance policies, including short-term and multiple-trip policies. Their comprehensive 'Dive & Travel Plus' plan has been specifically developed for diving liveaboard holidays and covers expenses in the event of missing your liveaboard departure due to flight delays or missed connections, and also provides cover for lost diving days if for any reason the boat is required to abort the cruise; for instance, due to a guest injury, mechanical breakdown of the ship, air supply failure, inclement weather conditions, etc.

Please consult our webpage for details and a direct link to DiveAssure's booking portal: www.masterliveaboards.com/insurance.

Diving Information

Maldivian Government legislation states that the ***maximum depth for all scuba diving in the Maldives is 30 metres***; the use of gloves, solo diving and technical diving are not allowed. Carrying an SMB on every dive is mandatory.

Your cruise director will be able to advise you whilst on board; however, if you have concerns regarding the conditions of the destination you wish to visit then please contact your agent or our reservations team.

PLEASE NOTE: Most of the diving around the southern atolls can be challenging, even for experienced divers due to **strong and unpredictable currents and up-swells**. Therefore, itineraries which cover southern atolls are not suitable for entry-level divers and it is strongly recommended to have previous experience in similar conditions.

Guests' Level of Diving

Divers wishing to participate in any itinerary which covers southern atolls are required to have PADI **Advanced Open Water** certification, or equivalent, with a **minimum of 50 logged dives**. We strongly recommend you have previous **experience in currents** and are *comfortable with drift dives, negative entries and deploying an SMB*.

You will need to provide copies of your certification card(s) when completing your pre-embarkation [API](#) and may also be asked to show them, and a record of your logged dives, as proof of experience when you board.

Divers who do not fulfil the minimum requirements indicated above, or who the crew feel have insufficient experience in certain conditions, may be denied participation in some or all dives during the liveaboard.

If you have any questions or concerns regarding the diving conditions please contact our reservations team directly.

Fit to Dive

All divers are responsible for ensuring that they are fit to dive, and are required to complete a medical statement. ***Guests who are taking medication or have any medical conditions or symptoms that could be restrictive to diving need to obtain a doctor's note clearing them to dive before travelling.*** The medical statement can be found on the following page of the Master Liveaboards website: www.masterliveaboards.com/forms.

IMPORTANT: There are no facilities in the South for guests to obtain medical evaluation and clearance for diving. *If any of the categories on the medical questionnaire apply to you, you MUST seek clearance from a physician in your home country and bring a copy of their approved evaluation with you.*

If you are unable to complete the medical statement as required, or provide a current doctor's certificate (less than a year old) clearing you to dive, you accept that you may not be able to take part in scuba diving activities on the liveaboard you have booked with us.

Diving Safety

All divers are responsible for their own dive profiles, must stay within the limits of their certification and comfort, and respect local regulations at all times.

The use of a dive computer and SMB is compulsory. For your safety, we ask all guests to always remain well within the limits of their dive computer, follow the instructions of the cruise director and guides and make a safety stop at the end of each dive.

Diving Emergencies

In the unlikely event that a diving accident occurs, there are 5 hyperbaric facilities available in the Maldives. The largest and longest operating recompression chamber is on Bandos Island (15 minutes by speedboat from Male). The others are located at Kuredu Island Resort (Lhaviyani Atoll), Kuramathi Resort (North Ari Atoll), Kandima Maldives Resort (Dhaalu Atoll) and ADK Hospital in Malé.

IMPORTANT: Please note that transfer from the southern atolls to any of the available chambers is likely to require emergency air evacuation by seaplane. *It is your responsibility to ensure that your insurance will fully cover all evacuation costs as well as recompression chamber and/or hospital treatment.*

We strongly urge all guests to dive conservatively at all times, follow Dive Guides' advice and purchase specific dive insurance before their trips. As outlined in our [Terms & Conditions](#) dive insurance and travel insurance are mandatory.

Flying after Diving

Some current studies indicate that you should wait at least 18 hours before you fly after repetitive dives or multiple days of diving; However, **we recommend 24 hours**. Please bear this in mind before you book your onward domestic or international flights.

Water Temperature and Exposure Suits

Water temperatures in the Maldives are fairly constant at 26°-29°C (78°-84°F) throughout the year, except in the far south where it can drop to 24°C (75°F) in some locations. Most guests are comfortable in a 3mm or 5mm full wetsuit.

Diving Equipment

Diving equipment is available to rent for an additional charge but is subject to availability and must be pre-ordered.

A single 11.1 Litre aluminium cylinder (80 cu ft - referred to as 12L on board) with air fills, weights, weight belt and SMB are provided free of charge.

There are a limited number of 13 Litre cylinders (100 cu ft - referred to as 15L on board) available on request and at an additional cost which must be pre-booked.

Equipment rental and Nitrox costs can be viewed under 'Extras' on the vessel and itinerary pages of our website.

Please pre-book rental equipment and cylinders at the time of confirming your liveaboard holiday, as they are subject to availability.

Rebreather Diving

Blue Voyager is equipped to support rebreather divers; Booster pumps are installed to ensure rebreather cylinders can be filled to 135 bars/ 2000 psi and we have stage tanks available for your use. We can also facilitate the purchase of sofnolime scrubber although there are additional charges for both this and oxygen.

Pre-booking of any rebreather supplies is essential to guarantee availability. Please contact our reservations team for up-to-date prices and to place your order no later than 3 weeks before departure.

If rebreather diving is permitted on your itinerary and you intend to participate in rebreather diving during your cruise, you will need to complete the [Technical Diver release form](#), in addition to the standard liability release.

General Information

Advanced Passenger Information (API)

There are certain details that we need guests to provide in advance for administrative purposes and flight reservations. The required information can be submitted by guests before they travel via our secure online portal at www.masterliveboards.com/portal.

Forms

All guests are required to complete the following forms before the commencement of their liveboard itinerary: medical statement, liability releases and standard safe diving practices statement, which can be found at www.masterliveboards.com/forms.

To save time, and ensure you have no pre-existing conditions that could affect your diving, please download the forms, fill them in, and bring them with you. By completing and signing the forms, you are confirming that you have read, understood, and agree to the conditions outlined in the forms.

If you are unable to complete the forms as instructed, you accept that you will not be able to take part in certain aspects of the holiday you have booked with us.

Time Zone

Local time in the Maldives is UTC / GMT +5 hours.

Money Matters

The local currency is the Maldivian Rufiyaa (MVR). Most visitors may never see or use the local currency as the US dollar is the preferred currency throughout most of the Maldives. EUR and GBP are also accepted in many places although change will be given in Rufiyaa. All extras in your hotel will be billed to your hotel room in USD and can be settled by credit card. **USD cash banknotes must be in good condition**, without damage, tears, creases or stains. Local banks - and therefore hotels, shops and our vessel in the Maldives - will not accept old versions of USD banknotes: the newer \$100 banknote should have a blue security strip, and the \$20 and \$50 banknotes should not be dated older than 2006.

Language and Religion

The local language is Dhivehi although English is widely spoken throughout the country. Islam has been declared the state religion in the Republic of the Maldives since 1153, and it is prohibited to publicly practice any other religion.

All safety and dive briefings onboard will be provided in English. If you do not speak and understand English please let us know before arrival.

Alcohol

It is illegal for holidaymakers to bring alcohol into the Maldives. All luggage will be scanned upon arrival and any alcohol that is discovered will be confiscated. However, most resorts and liveboards have special licenses permitting them to sell alcohol to tourists, although this is strictly regulated. Alcohol can only be consumed where it was purchased which means it is also illegal to bring alcohol purchased in a resort onto the liveboard vessel.

Duty-free can be purchased at Male Airport, when leaving the country.

Health

Medical facilities in the Maldives are limited; there are 2 hospitals on Malé Island and 2 on Hulhumale. There are also health centres on most of the atolls.

We advise all guests to ensure their routine vaccinations are up to date and to check with their doctor or local travel health clinic well before departure for the latest vaccination advice for the areas they will be visiting.

We also recommend that travellers take sensible precautions with local food, and drink purified/ bottled water only to minimise the risk of stomach upsets, as well as using insect repellent and covering exposed skin to reduce the risk of insect-borne diseases.

If you are travelling with medication, please bring your physician's prescription with you.

Climate and Weather

The Maldives enjoy a warm, tropical climate all year round. The dry season with lots of sunshine lasts from November to April; the wet season is roughly mid-May to October. Year-round temperatures do not vary much: around 23°-25°C (73°-77°F) at night and 31°C (88°F) during the day.

Sun protection

We recommend bringing high-strength, reef-friendly sunscreen with you to the Maldives. We also suggest hats, sunglasses, protective clothing and, where possible, utilising shade as easy and environmentally-friendly ways to further protect yourself from sun damage.

Life on Board

The main features of the vessel can be seen on the Blue Voyager page of the Master Liveaboards website: www.masterliveaboards.com/boats/blue-voyager/

All safety and dive briefings onboard will be provided in English. If you do not speak and understand English please let us know before arrival.

Accessibility

The layout of the boat may provide challenges, or be unsuitable for guests with limited mobility, and is not suitable for wheelchairs. Please contact us for further details if you have any concerns.

Accommodation

Maximum capacity on Blue Voyager is 26 guests in 13 double or twin occupancy cabins. Single occupancy may be available on request and is subject to a supplemental charge.

Cabin Facilities

All cabins have individually controllable air-conditioning and en-suite bathrooms with centrally heated hot water. Other facilities include towels and shower gel.

Food and Drink

Meals are provided on a full board basis including a light breakfast, full breakfast, lunch and dinner served buffet style in the indoor, air-conditioned dining area.

We offer a choice of international and locally inspired cuisine and can cater to special dietary requirements with advance notice. Should you have any specific dietary needs, allergies, or special requests, please advise your sales consultant at the time of confirming your liveaboard trip to ensure we are able to make provisions for your needs.

Complimentary tea, coffee, drinking water, snacks and fresh fruit are available at all times. Carbonated soft drinks and fruit juices are available for an additional cost. Beer, wine and spirits are also available on board for an additional charge.

Please note: It can be very difficult to find soya, gluten-free and low-fat products that are common elsewhere. While we always do our best to accommodate dietary requests, please consider bringing some of your own foods if the lack thereof may constitute a health risk or seriously compromise your enjoyment of your holiday.

ALCOHOL

Although alcohol can be purchased in resorts and on the liveaboard, ***it is illegal for guests to bring alcohol into the Maldives.***

It is also illegal for guests to bring alcohol that has been purchased in a resort onto the boat.

Guests are only allowed to consume alcohol which they have purchased on board.

Our crew will not provide service (i.e. storage, refrigeration, bar service, glasses, ice, etc.) for alcohol that has been smuggled onto the boat, regardless of where it came from.

Additionally, it is illegal to take alcohol purchased on board off of the boat.

Clothing and Footwear

Dress on board is very casual and the majority of guests feel comfortable in little more than swimwear, shorts and t-shirts. A sweater is advised for cooler nights, particularly after multiple dives.

We request that guests respect the wishes of others by donning clothing for meal times. Most guests prefer bare feet on board the vessels; however, island visits may require sturdy sandals or cross-trainers.

Electricity

UK-style 3-pin (Type G) plugs are standard throughout the Maldives. Power outlets on board are mostly UK 3-pin although guest cabins and common areas also feature USB sockets and a combo of European two-pin sockets/UK 3-pin at 230V.

Staying Connected

Should you wish to have internet access during your liveaboard itinerary, 1GB, 2GB or 5GB data packages can be purchased on board Blue Voyager; prices start from 10 USD for 1 GB which is payable on board only and subject to Maldives GST. Please note that, although internet connectivity is available in the majority of areas across the Maldives, we cannot guarantee a continuous service for the entirety of your cruise, especially when travelling between atolls, or visiting more remote, southern areas.

Smoking

Smoking on board is permitted in designated outdoor areas only.

Underwater Photography and Videography

Our vessels offer specialised features for underwater photographers and videographers. These include:

- Indoor workstations for the preparation and maintenance of cameras with individual storage drawers for cameras and peripheral items
- An outdoor camera table with an air gun and charging station
- Large rinsing tanks with fresh water changed frequently
- Our crews are thoroughly trained in the handling of delicate camera equipment and will bring your cameras to/from the tenders for you.

Environmental considerations

Although there are recycling programs and facilities in place in Maldives, they are limited. We therefore ask our guests to consider the following to help with our mission to reduce our environmental impact.

Batteries

While some batteries may be available to purchase on board, please bring extras if your personal dive equipment requires a unique size, or is likely to need a lot of replacement batteries during your trip. We kindly request that you take spent batteries home so that they can be recycled or disposed of properly. Alternatively, consider using rechargeable batteries as there are plenty of sockets to plug in a charger on board.

Water Bottles

We are dedicated to becoming single-use plastic-free across all of our fleets. Plastic straws and stirrers have been banned on all of our boats and we do not provide single-use plastic bottles on board.

If you own a sports bottle, we simply ask that you bring it with you, or you can purchase one on board. If you don't have one and you don't want to buy one, we have plenty of cups on board that you can use to ensure you remain well hydrated.

Plastic bags and wrappers

We do not provide plastic bags for purchases made on board, although reusable canvas bags are available for sale. Please help us minimise plastic waste by removing plastic wrappers and packaging from items before travelling. If you bring plastic bags with you, please reuse them, and take them home.

Toiletries

We kindly ask that guests consider the type of products that they are bringing with them and, where possible, to bring environmentally friendly toiletries for use on board, and to take partially or unused products home with them.

Payments on Board

Please be aware that Maldivian Government Goods and Services Tax, which is currently 16%, applies to all onboard payments and will be added to your on-board bill.

Marine and Port Fees

In general, there are no marine park or port fees in the Maldives. However, the Maldivian Government collects a Green Tax for all visitors, which is charged at US \$6.00 per person, per night and **must be paid in advance** of your trip departure.

Additionally, if Fuvamulah Atoll is included on your itinerary, there is a charge of 30 USD per person to dive at Tiger Harbour. This charge is imposed by the local dive centres and is ***payable on board, in USD cash only***. Please be aware that it is also subject to change without notice.

Optional Extras

Additional charges on board for items such as soft drinks, alcohol and Master Liveboards merchandise, as well as equipment rental and nitrox that has not been paid for in advance, can be paid in cash or by credit card.

Equipment rental and Nitrox costs can be viewed under 'Extras' on the relevant vessel page of our website: www.masterliveboards.com/boats/blue-voyager/. All onboard prices are in USD.

Alcohol can NOT be paid for in advance.

We can accept payment in USD cash, or by debit card and all major credit cards; however, a 3% surcharge will apply for credit card payments. Guests are advised to bring \$300–500 USD cash to cover any additional sundry costs and crew gratuities.

All taxes, surcharges and onboard prices are subject to change without notice.

Please Note: USD banknotes need to be in good condition; without damage, creases, tears or stains. Local banks (and therefore the vessel) will not accept old versions of USD banknotes: the newer \$100 banknotes should have a blue security strip, and the \$20 and \$50 banknotes should not be dated older than 2006.

Tipping

At Master Liveboards we believe that tipping is a matter of personal choice. Should you feel that your crew has made your holiday extra special; then they will certainly appreciate a tip. If you are unsure how much to tip, we recommend 25 USD per guest, per day. Please note **we can only accept tips in cash**. For your convenience, an envelope will be provided by your cruise director and gratuities will be divided equally amongst all of the crew, including the captain and dive guides.

Safety on Board

Emergency Management & Equipment

All Master Liveboards crew members undergo rigorous training in emergency management procedures. A thorough boat safety briefing will be provided by your Cruise Director at the start of your trip. Practice scenarios may be performed during your cruise to assist our crew in keeping their skills sharp. The boat is equipped with modern safety features such as automated life rafts, EPIRB, satellite communication and emergency pumps.

First Aid

Master Liveboards vessels are equipped with a fully stocked medical first aid kit for treating minor injuries and ailments as well as for assisting trained medical professionals in remote locations. Each yacht has a full complement of medical-grade oxygen, which can be administered to divers through portable kits and a large O2 fixed station. You will also find on board an Automated External Defibrillator (AED) which has been proven to greatly increase the survival rate in the eventuality of cardiac fibrillation.

Our dive teams are all qualified emergency responders. Should you feel unwell at any point during your cruise, please seek the advice of your cruise director who will be able to assist you.

Extending your holiday

Travelling to/from and within the Maldives can be made exceptionally easy when you book with Master Liveboards. As well as domestic flights, we can organise hotels, excursions and tour packages, which can be arranged for before and/or after your liveboard.

A popular stopover or extension that combines well with your Maldives liveboard diving holiday is a visit to Sri Lanka. Sri Lanka is renowned for its golden beaches, stunning natural scenery, majestic elephants, the famous Ceylon tea, interesting history and much more. When you just cannot get enough of the Indian Ocean, diving in Sri Lanka is beautiful; featuring gorgeous coral reefs brimming with life and quite a few shipwrecks resulting from an eventful colonial and trade history.

Ask for our full list of excursions in Sri Lanka that will help you get the most out of your holiday. Kindly contact our reservations team at dive@masterliveboards.com.

What to Bring

Our blog, [Packing for a Scuba Diving Liveaboard](#) provides useful tips on what to pack.

You can download a complete packing checklist [here](#), or from the Master Liveaboards [downloads page](#), under General Information.

The following is a list of essential items that you should ensure you bring with you for your trip.

Passport

☐

6 months validity with at least 2 empty pages for visa stickers and stamps

Travel Documents

☐

Flight tickets - International & Domestic; hotel booking; excursions

Cash & Credit Card for emergencies

☐

Recommended amount: 300 - 500 USD

Diving Certification & Logbook

☐

Including Nitrox Card if certified and intending to use Nitrox

Travel and Diving Insurance Documents

☐

To include emergency medical evacuation

Essential Diving Items

☐

Dive computer with full battery

Toiletries & Medications

☐

Including insect repellent and Reef-safe sunscreen
Inform the booking team of medical conditions

Essential Clothing Items

☐

Swimwear, hat and lightweight jacket

Guests are strongly advised to carry essential items in hand luggage in case of lost or delayed luggage through International or Domestic Flights.
