Private dining options

If you are celebrating a specific occasion, or would just like to enjoy a special evening dining alone with your nearest and dearest, Atmosphere Resort offers a variety of private dining experiences which are likely to be one of the major highlights of your stay.

Private dinners are often held in the treehouse overlooking the ocean. Other popular options are a romantic set up on the beach or by one of the three infinity pools. You can also request private dining on your room terrace. We particularly recommend it if you are staying in one of the premium pool suites, or apartments.

The resort prides itself on offering personalised culinary experiences and does not charge extra for private dinners. However, they do ask that you order a three-course dinner from the Ocean restaurant menu and a bottle of wine from our wine cellar for your private dining experience. If you have a request or are celebrating a special occasion, be sure to inform our Head Chef.
