Tours & Excursions from Cebu

Introduction

Situated in the Central Visayas region of the Philippines, the Province of Cebu consists of Cebu Island and 167 smaller surrounding islands and islets. The province's capital, Cebu City, also known as "Queen City of the South", is the oldest city in the Philippines having been established by the Spanish explorer Miguel Lopez de Legazpi's in 1565. Historically, this is where the initial battle between the Filipinos and Spaniards took place and many reminders of that period are still evident today.

Rich in culture and natural resources, Cebu and its surrounding islands boast some of the Philippines' oldest and most treasured traditions, buildings, festivals, and pristine beaches. Cebu presents the widest variety of sun and sea activities on dazzling island hopping tours including watersports and beautiful sightseeing within fascinating biodiversity on land and underwater.
